

KËRKESAT QË DUHEN ZBATUAR NË SHKRIMIN E ABSTRAKTIT

GENERAL GUIDELINES

Abstrakti duhet shkruar në Anglisht dhe Shqip

The abstract should be written in English and in Albanian languages

Abstrakti duhet të përmbajë një minimum prej 300 fjalësh dhe një maksimum prej 350 fjalësh, pa përfshirë titullin dhe pa përfshirë emrat e autorëve dhe të vendit të tyre të punës.

The abstract should contain a minimum of 300 words and a maximum of 350 words, not including the title and not including the author names and affiliation.

Titulli: Times New Roman, 14 font size, bold, justify, gërma kapitale

Title: Times New Roman, 14 font size, bold, justify, all caps

Emri i autorit/bashkëautorëve¹: 12, Times New Roman

Author's name and surname¹: 12 font size, Times New Roman

Institucioni i vendit të punës dhe adresa e-mail: 12, Times New Roman

Affiliation: 12 font size, Times New Roman

Përmbajtja e abstraktit: 12, Times New Roman, jo bold, hapësirë single; abstrakti duhet të jetë i përbërë nga hyrja, metodat, rezultatet, përfundimet dhe literaturën kryesore.

Abstract should be written with 12 font size, Times New Roman, single line spacing. Summarize in this section objective, methods, results, conclusions and references.

Introduction. The introduction section should present the scope, objective and state the problem, briefly review the pertinent literature, describe the methods, and provide an overview of the main results of the work.

Methods. The methodology must be clearly stated and described in sufficient detail or with sufficient references. The author shall explain the research question, describe the research framework, and the methods applied.

Results. The arguments and findings are described in this section.

Conclusions. Conclusions should include the principles and generalisations inferred from the results, any exceptions, problems or limitations of the work, theoretical and/or practical implications of the work, and conclusions drawn and recommendations.

References. References should be listed in alphabetical order and presented in a a format according to the Chicago Manual of Style:
http://www.chicagomanualofstyle.org/tools_citationguide.html.

Formati: Microsoft word (.doc ose .docx)

File format: Microsoft word (.doc ose .docx)

Do të preferohen abstraktet që pasqyrojnë rezultate të papublikuara më parë
Abstracts with non published data will be preferred

Duhet përfshirë të gjithë bashkëautorët e punimit por jo më shumë se 5 autorë
All co-authors should be included but not more than 5 authors

Një autor nuk mund të paraqesë më shumë sesa 3 punime
The maximum number of contributions for each author is 3 (three)

Të gjithë bashkëautorët duhet të jenë dakord me abstraktin dhe mbajnë përgjegjësi për përmbajtjen e tij
Obtain approval in advance from all co-authors before placing their names on the abstract. Submission of an abstract denotes that co-authors as well as authors have read the abstract, take responsibility for its content, and approve that their names appear on the abstract.

Titulli i abstraktit nuk duhet të përmbajë numra telefoni, adresa e-mail apo adresa internet
Abstract title should not contain phone numbers, e-mail addresses or web pages

Në abstrakt nuk lejohet të përfshihen figura, tabela, grafikë ose citime
No figures, tables, charts or citation are permitted

Në abstrakt nuk duhet përdorur emrat tregtarë të barnave
The use of drug commercial names is not allowed

Nuk lejohet reklama e produkteve
The promotion of products is forbidden

Autori duhet të specifikojë fushën e punimit duke përdorur klasifikimin e mëposhtëm
The author should specify the topic as follows

Topics

Abstracts could be submitted under the following topics:

Pharmaceutical practice: (PP)

- Academic pharmacy (PP-AP)
- Clinical biology (PP-CB)
- Community pharmacy (PP-CP)

- Hospital pharmacy (PP-HP)
- Industrial pharmacy (PP-IP)
- Military and emergency pharmacy (PP-MEP)
- Health and medicines information (PP-HMI)
- Social and administrative pharmacy (PP-SAP)
- History of pharmacy (PP-HOP)

Pharmaceutical sciences: (PS)

- Drug design and discovery (PS-DDD)
- Natural products (PS-NP)
- Formulation design and pharmaceutical technology (PS-FDPT)
- Pharmacokinetics/pharmacodynamics and systems pharmacology (PS-PPSP)
- Translational research and individualised medicines (PS-TRIM)
- Biotechnology (PS-B)
- Analytical sciences and pharmaceutical quality (PS-ASPQ)
- Regulatory sciences (PS-RS)
- Pharmacy practice research (PS-PPR)
- Toxicology (PS-T)
